# STRAW ROCKET

TAKE AND MAKE

Materials:

- rocket template (below)
- crayons
- pipette
- straw
- glue dots
- scissors (not provided)

Directions:

- Color in your rocket, then cut it out.
- Place your rocket face down and use the glue dots to attach the pipette to the back with the opening pointing towards the bottom of the rocket.
- Insert the straw into the pipette, then blow into the straw and watch your rocket blast off!
