CRIME STATISTIC REQUEST FORM

The Monterey Park Police records and maintains crime statistic information in order to:
1. Meet the legal reporting requirements
2. Address crime trends
3. Develop crime prevention strategies

 One of the most important benefits, however, is the ability to provide detailed statistical data regarding criminal activity to the members of the community, as well as perspective residents and business owners. By completing the information below, you can receive crime stat information for an area or a specific address within the city limits of Monterey Park. **The cost of this service is $45.00 per request form, and you can request up to five areas or addressed on this form.**

Please fill out the requested information in the spaces provided below and submit this form along with your payment to the police clerk at the front counter. Exact amount cash payments are required. *No change will be provided*. (Residents of Monterey Park may write personal checks made payable to the City of Monterey Park.)

Please note that your request may take up to 72 hours (three business days.) In the event your request cannot be processed within this time frame, you will be contacted via telephone. It is important, therefore, you list accurate contact information. Please do not call and/or duplicate your request until 72 hours has passed as this will only delay the process.

If you provide an e-mail address below, you receive the response to your request by e-mail.
