Below is my comment to the 4/6/2022 City Council Regular Meeting.

I would like to address the City Council on the parking issue at Fremont Ave near Monterey Pass Road. I submitted public comments to the Traffic Commission last December and a couple weeks ago. I also emailed City Council members individually on Feb 14 and Mar 24. I think it may take a comment on public record after all for the City to address the Municipal Code 10.48.045 loophole.

Cars are parked on Fremont Ave near Monterey Pass Road Mondays through Saturdays when the auto body shops there are open for business. It is very reasonable to assume those cars are being repaired by the shops; there are simply not enough parking spaces in the shops' lot. Sgt Peter Young of the Monterey Park PD told me that because there are no work orders on the windshields of those cars, he does not have proof that those cars are in violation of Municipal Code 10.48.045. Well, who would put a self-incriminating note there to advertise that the car is being repaired? And as such, this code is simply unenforceable.

Mr Cesar Vega of the City's Public Works Dept informed me on March 23 that they "can investigate the addition of red curb at the exit of the turn to add additional clearance for the right turning vehicles." I think red curb should be added because it is a sharp uphill right turn into Fremont from Monterey Pass and the turn immediately merges with the left turn traffic from Monterey Pass. But still, none of the cars parked at that section of the road, all the way to the city limit under the Garvey Ave overpass bridge, should be there to begin with, if Municipal Code 10.48.045 is enforceable and actually enforced.

RE: Support for Reproductive Freedom

Dear Mayor Lo and City Council Members,

I am writing to urge you to pass a resolution declaring Monterey Park a City of Reproductive Freedom. I am in support of this issue because reproductive rights are fundamental human rights. Abortion rights are under attack and we must fight back to protect and expand access to safe, legal abortion-- not only in our state, but in our community.

Passing the equal access to reproductive health care services resolution will demonstrate alignment with an overwhelming majority of Monterey Park voters who believe access to abortion should remain, safe, legal, and accessible. It is critically important, now more than ever, that the City of Monterey Park stand in solidarity with those seeking to uphold the right to safe, accessible, and affordable reproductive health care.

Sincerely,

Linda Tang
